Dear Dr Vartika

Greetings!

We are pleased to invite you as the Subject Expert for a professional development session for our Biology subject teachers on 16 March, 2026. The session will focus on developing competency-based skills among teachers, particularly in designing effective assessment tools and adopting appropriate evaluation techniques in alignment with contemporary educational practices.

Given your vast expertise in Zoology and your experience in higher education, we believe your insights will greatly benefit our faculty and help them strengthen competency-based teaching and assessment strategies.

We would be honoured by your presence and valuable guidance during this session. Kindly confirm your availability for the same.

Looking forward to your positive response.

Principal

Delhi Public School, RK Puram

New Delhi 110022
