A meeting of the GSDC was planned for 2nd July 2025. Many members expressed their inability to attend for valid reasons.

Padma Prasadshini, Ravi Kumar and Meena Bisht communicated their inability to attend.

The following issues were discussed,

1. Budget Allocation for 2025-26,
2. Planting of more trees for those that have died
3. Need to provide more cooling by planting trees and native flora.

4. A proposal to green the lawns and plant local herbs and saplings

5. Need to make lives of gardeners of contract more sustainable. Need to regulate the workings of Venki Daggos.
6. Work on the Lily Pond in college
7. Focus on maximum use, recycling and sustainability

these will be the major concerns.

1. Suggestion for meeting with other like minded societies to work collectively. J. Lalitha is going to spearhead this.

Dear Sir,

On behalf of the GSDC, I would like to thank you for extending your active support in creating a new dead space to host living species we will be adding to the variety of the college environs. By allowing a dead space to host living species we will be adding to the variety of the college environs. A great deal of labour and expenditure was put into the college grounds, and supporting sustainability. We are extremely grateful for all these inputs. We are extremely grateful that all this work was undertaken by the college administration.

Cladding the exterior of the pond with sandstone has turned it into an elegant structure and as discussed over the long semesters, the GSDC is happy to pay for the red sand stone work that is now being completed. We shall begin work on making the lily pond a living environment at the earliest.

Ratna Raman
