The Excellence in Higher and Tertiary Education Readiness Award 2025 has been conferred upon the teachers and the students of NCR for their exceptional commitment to academic innovation, inclusivity, and resilience. Delhi's higher education ecosystem, with its blend of premier institutions and dynamic faculty, has consistently set national benchmarks in research, pedagogy, and holistic student development. Recognizing these efforts will not only celebrate their achievements but also inspire other States to replicate their models of readiness for a globally competitive and inclusive higher education framework.
